

**SARAH BONNELL
SCHOOL**

**SARAH BONNELL SCHOOL
FOUNDATION AWARDS**

Ex-pupils will only be considered for awards if they follow post-18 education at university.

These awards are distributed by the Foundation Governors to assist ex-students with their studies in **Higher Education**. They are paid out, on a yearly basis, at the discretion of the Foundation Governors to girls who fulfil the necessary criteria, please see below. The level of this award is £250.

No former student will receive more than one award during their studies. This award would normally be given in the second year of a course, and is intended to contribute towards the purchase of text books and other study materials.

To be considered for an Award an ex student must contact the school before November of any given year, informing the school of her name and contact address. It must be stressed that if a girl does not make this information known she will not be considered for an Award. **LATE ENQUIRIES MAY NOT BE CONSIDERED.**

Necessary Criteria

- You must be under the age of 25
- You must be a resident in Newham
- You must be either in the second or third year of your studies

This application form for an award has to be completed by the girl, signed by her **COURSE TUTOR** and enclosed with the college stamp to verify that the stated course has been followed and attended regularly.

Once this form is returned to Sarah Bonnell School the necessary information can be collated and then passed to the Foundation Financial Advisors, who will make the decisions as to which girls are to receive the Awards.

Unless all necessary information is given to the school there will be no way of knowing which students are eligible for these Awards and **it is up to each girl** to make sure that all the details are given to the school.

The closing date for receipt of applications for this year is 2nd November. Former students who are successful in their application should receive their cheques prior to **31 March next year.**
